Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! From New York Times bestselling author Tony Hillerman comes another unforgettable mystery in which Leaphorn & Chee must race against the clock to solve two brutal murders. "[Hillerman's] clowns are . . . every bit as raucous, profane, and funny as Shakespeare's."—New York Times Book Review During a kachina ceremony at the Tano Pueblo, the antics of a dancing koshare fill the air with tension. Moments later, the clown is found bludgeoned to death, in the same manner a reservation schoolteacher was killed only days before. Officer Jim Chee and Lieutenant Joe Leaphorn believe that answers lie in the sacred clown's final cryptic message to the Tano people. But to decipher it, the two Navajo policemen may have to delve into closely guarded tribal secrets—on a sinister trail of blood that links a runaway, a holy artifact, corrupt Indian traders, and a pair of dead bodies. This book provides an introduction to 24 iconic figures, real and fictional, that have shaped the detective/mystery genre of popular literature. • Parallel chronologies placing each of the book's 24 subjects in their historical/cultural context • Individual selected bibliographies for each of the 24 figures plus a selected general bibliography of critical sources treating the genre A tribute to the American Southwest features text and photographs that explore the area's landscape, architecture, history, and wildlife On the edge of the Navajo Nation, rookie paralegal Naomi Manymules pauses on a lakeside cliff top to enjoy a moonlit moment. She hears someone swimming in the darkness far below her, and a boat drifts out of the shadows. When she glimpses something that might be a naked butt shining in the moonlight, she decides to head for home. Only later does she discover that what she'd seen was the bare behind of a murdered sleaze. The car fire didn't kill Navajo Tribal Policeman Delbert Nez—a bullet did. And the old man in possession of the murder weapon is a whiskey-soaked shaman named Ashie Pinto. Officer Jim Chee is devastated by the slaying of his good friend Del, and confounded by the prime suspect's refusal to utter a single word of confession or denial. Lieutenant Joe Leaphorn believes there is much more to this outrage than what appears on the surface, as he and Jim Chee set out to unravel a complex weave of greed and death that involves a historical find and a lost fortune. But the hungry and mythical trickster Coyote is waiting, as always, in the shadows to add a strange and deadly new twist. Chilling discoveries unearthed at a dig for Navajo clay pots bring Lt. Joe Leaphorn and Officer Jim Chee to the site and put them on the trail of stolen artifacts, a disappearing woman, and bizarre and mystifying murders Charlie Yazzie's former archaeology professor becomes the target of a ruthless Indian rights movement - one determined to end an investigation that could change the face of an ancient tribe. Charlie and Thomas Begay find themselves caught up in a dangerous, intrigue filled adventure, involving one of the canyon-land's oldest riddles. Striking full-color photographs provide an unprecedented look at the daily life, rituals, and traditions of the proud Navajo people and their lands, while a lively text traces their history and spiritual philosophy. Literary experts and anthropologists analysis novels from such diverse regions as the Caribbean, the Middle East, and Native American. Explores the life and work of Tony Hillerman, including the author's reflections on his childhood, a discussion of his artistic technique, and a short story. NEW YORK TIMES BESTSELLER Legendary Navajo policeman Lieutenant Joe Leaphorn takes center stage in this riveting atmospheric mystery from New York Times bestselling author Anne Hillerman that combines crime, superstition, and tradition and brings the desert Southwest vividly alive. Joe Leaphorn may have retired from the Tribal Police, but he finds himself knee-deep in a perplexing case involving a priceless artifact—a reminder of a dark time in Navajo history. Joe's been hired to find a missing biil, a traditional dress that had been donated to the Navajo Nation. His investigation takes a sinister turn when the leading suspect dies under mysterious circumstances and Leaphorn himself receives anonymous warnings to beware—witchcraft is afoot. While the veteran detective is busy working to untangle his strange case, his former colleague Jim Chee and Officer Bernie Manuelito are collecting evidence they hope will lead to a cunning criminal behind a rash of burglaries. Their case takes a complicated turn when Bernie finds a body near a popular running trail. The situation grows more complicated when the death is ruled a homicide, and the Tribal cops are thrust into a turf battle because the murder involves the FBI. As Leaphorn, Chee, and Bernie draw closer to solving these crimes, their parallel investigations begin to merge . . . and offer an unexpected opportunity that opens a new chapter in Bernie's life. Even from the grave, an ancient and disabled girl who once divined the future holds one more secret; A key to unlock two modern day murders on the Diné Bikeyah. Archeology and murder entwine in Chappell's latest canyon-lands thriller. In ancient times hunger

drove the search for survival. Now greed is the enemy. Ride along as Charlie, Thomas and Harley Pony Boy walk a razor's edge between two worlds...only to discover wolves still stalk the ancients. Chronicles the advent of so-called western or scientific medicine in the modern era, and how Navajos adapted, but did not compromise their traditional healings ways. Lieutenant Joe Leaphorn and Officer Jim Chee of the Navajo Tribal Police investigate a series of murders when an anthropologist working at an Anasazi ruin goes missing and two corpses are found on an ancient burial ground. "In works of silver and wool, the Navajos have established a unique brand of American craft. And when their artisans were integrated into the American economy during the late nineteenth century, they became part of a complex cultural and economic framework in which their handmade crafts conveyed meanings beyond simple adornment." "Bsumek unravels the layers of meaning that surround the branding of "Indian-made." When Navajo artisans produced their goods, collaborating traders, tourist industry personnel, and even ethnologists created a vision of Navajo culture that had little to do with Navajos themselves. And as Anglos consumed Navajo crafts, they also consumed the romantic notion of Navajos as "primitives" perpetuated by the marketplace. These processes of production and consumption reinforced each other, creating a symbiotic relationship and influencing both mutual Anglo-Navajo perceptions and the ways in which Navajos participated in the modern marketplace." "Ultimately, Bsumek shows that the sale of Indian-made goods cannot be explained solely through supply and demand. It must also reckon with the multiple images and narratives that grew up around the goods themselves, integrating consumer culture, tourism, and history to open new perspectives on our understanding of American Indian material culture."--BOOK JACKET. From its wry politics to its astonishing history, to the hypnotic rhythms of daily life, here is the New Mexico you've never seen but will come to love. When Tony Hillerman looks back at seventy-six years spent getting from hardtimes farm boy to bestselling author, he sees lots of evidence that Providence was poking him along. For example, when an absentminded Army clerk left him off the hospital ship taking the wounded home from France, the mishap put him on a collision course with a curing ceremony held for two Navajo Marines, thereby providing the grist for a writing career that now sees his books published in sixteen languages around the world and often on bestseller lists. Or, for example, when his agent told him his first novel was so bad that it would hurt both of their reputations, he nonetheless sent it to an editor, and that editor happened to like the Navajo stuff. In this wry and whimsical memoir, Hillerman offers frequent backward glances at where he found ideas for plots of his books and the characters that inhabit them. He takes us with him to death row, where he interviews a man about to die in the gas chamber and details how this murderer became Colton Wolf in one of his novels. He relates how flushing a solitary heron from a sandbar caused him to convert Joe Leaphorn from husband to widower, and how his self-confessed bias against the social elite solved the key plot problem in *A Thief of Time*. No child abuse stories here: The worst Hillerman can recall is being sent off to first grade (in a boarding school for Indian girls) clad in cute blue coveralls instead of the manly overalls his farm-boy peers all wore. Instead we get a good-natured trip through hard times in college; an infantry career in which he "rose twice to Private First Class" and also won a Silver Star, Bronze Star, and Purple Heart; and, afterward, work as a truck driver, chain dragger, journalist, professor, and "doer of undignified deeds" for two university presidents. All this is colored by a love affair (now in its fifty-fourth year) with Marie, which involved raising six children, most of them adopted. Using the gifts of a talented novelist and reporter, seventy-six-year-old Tony Hillerman draws a brilliant portrait not just of his life but of the world around him. Jim Chee and Joe Leaphorn solve a crime that involves the murder of a Pueblo tribal official, the death of a schoolteacher, and the disappearance of a tribal memento A young Navajo girl goes on a magical night ride upon a silvery steed. Contains the novels *People of Darkness*, *The Dark Wind*, and *The Ghostway*. "An old silversmith is dead--his body dumped unceremoniously along the highway to be found by a tourist's yapping dog. Legal Services Investigator Charlie Yazzie isn't content to stand by while the FBI and Tribal look for clues; not when he sees his friends Thomas Begay and Harley Ponyboy sucked into a tightening web of evil. One thing is clear in this chilling new addition to Chappell's Navajo Nation Mystery Series--a spate of murders and an outlier with deadly agenda should be warning enough for anyone"--Page 4 of cover. To Officer Bernadette Manuelito, the man curled up on the truck seat was just another drunk -- which got Bernie in trouble for mishandling a crime scene -- which got Sergeant Jim Chee in trouble with the FBI -- which drew Lieutenant Joe Leaphorn out of retirement and back into the old "Golden Calf" homicide, a case he had hoped to forget. Nothing had seemed complicated about that earlier one. A con game had gone sour. A swindler had tried to sell wealthy old Wiley Denton the location of one of the West's multitude of legendary lost gold mines. Denton had shot the swindler, called the police, confessed the homicide, and done his short prison time. No mystery there. Except why did the rich man's bride vanish? The cynics said she was part of the swindle plot. She'd fled when it failed. But, alas, old Joe Leaphorn was a romantic. He believed in love, and thus the Golden Calf case still troubled him. Now, papers found in this new homicide case connect the victim to Denton and to the mythical Golden Calf Mine. The first Golden Calf victim had been there just hours before Denton killed him. And while Denton was killing him, four children trespassing among the rows of empty bunkers in the long-abandoned Wingate Ordnance Depot called in an odd report to the police. They had heard, in the wind wailing around the old buildings, what sounded like music and the cries of a woman. Bernie Manuelito uses her knowledge of Navajo country, its tribal traditions, and her friendship with a famous old medicine man to unravel the first knot of this puzzle, with Jim Chee putting aside his distaste of the FBI to help her. But the questions raised by this second Golden Calf murder aren't answered until Leaphorn solves the puzzle left by the first one and discovers what the young trespassers heard in the wailing wind. Thomas Begay is found dead-drunk under the La Plata Bridge ...not unusual for Thomas Begay. What is unusual, is the beautiful BIA investigator Patsy Greyhorse, found lying beside him ...not drunk, or even a Navajo, but very dead nonetheless. Long time friend Charlie Yazzi, fresh from law school, risks his career ...and even his life to help his old schoolmate. The Answer seems to lie with the Yeenaaldiooshii ...should one choose to believe in such things. In the far reaches of the reservation there still are traditional Navajos living their lives with few concessions to modern mores. Guided by their strong sense of cultural heritage these outliers remain a strong anchor for the Navajo Nation. This story follows the lives of such people, caught up in a plot that could have far reaching implications for the entire tribe. "The depth of characters and culture transcends that generally seen in novels of the genre." From New York Times bestselling author Tony Hillerman, *Skinwalkers* is the seventh novel featuring Lieutenant Joe Leaphorn and Officer Jim Chee—a riveting tale of sorcery, secrets, and murder. Three shotgun blasts rip through the side of Officer Jim Chee's trailer as the Navajo Tribal Policeman sleeps. He survives, but the inexplicable attack has raised disturbing questions about a lawman once beyond reproach. Lieutenant Joe Leaphorn wonders why Chee was a target and what connection the assault has to a series of gruesome murders that has been plaguing the reservation. But the investigation is leading them both into a nightmare of ritual, witchcraft, and

blood . . . and into the dark and mystical domain of evil beings of Navajo legend, the “skinwalkers.” Here in book two of the series, readers will learn how to have faith in God’s guidance. Four friends make a shocking discovery that could cost them everything! At the edge of a small desert town, where a B-17 sits next to an old diner, a mystery has begun to unfold. At first it was just a strange voice on an old radio. Then there’s a robbery at the Ambrosia cultural museum—priceless Aztec relics are stolen. And Ben has an encounter in the desert that can only be described as out-of-this-world. When mystery lights begin to appear in Navajo Mesa, the local sheriff grows strangely silent about it all. But four everyday kids who call themselves the Last Chance Detectives have decided to investigate. Little do they know they are being drawn into a serious plot with international consequences. Witchcraft seems to be involved in the death of a Navajo whose body has been found in Many Ruins Canyon, and Lieutenant Joe Leaphorn is charged with the task of solving the crime. Reissue. 2022 Mystery Writers of America Edgar Award Finalist The author of eighteen spellbinding detective novels set on the Navajo Nation, Tony Hillerman simultaneously transformed a traditional genre and unlocked the mysteries of the Navajo culture to an audience of millions. His best-selling novels added Navajo Tribal Police detectives Joe Leaphorn and Jim Chee to the pantheon of American fictional detectives. Morris offers a balanced portrait of Hillerman’s personal and professional life and provides a timely appreciation of his work. In intimate detail, Morris captures the author’s early years in Depression-era Oklahoma; his near-death experience in World War II; his sixty-year marriage to Marie; his family life, including six children, five of them adopted; his work in the trenches of journalism; his affliction with PTSD and its connection to his enchantment with Navajo spirituality; and his ascension as one of America’s best-known writers of mysteries. Further, Morris uncovers the almost accidental invention of Hillerman’s iconic detective Joe Leaphorn and the circumstances that led to the addition of Jim Chee as his partner. Hillerman’s novels were not without controversy. Morris examines the charges of cultural appropriation leveled at the author toward the end of his life. Yet, for many readers, including many Native Americans, Hillerman deserves critical acclaim for his knowledgeable and sensitive portrayal of Diné (Navajo) history, culture, and identity. At the time of Hillerman’s death, more than 20 million copies of his books were in print, and his novels inspired Robert Redford to adapt several of them to film. In weaving together all the elements of Hillerman’s life, Morris drew on the untapped collection of the author’s papers, extensive archival research, interviews with friends, colleagues, and family, as well as travel in the Navajo Nation. Filled with never-before-told anecdotes and fresh insights, Tony Hillerman will thrill the author’s fans and awaken new interest in his life and literary legacy. "I think what is always really amazing to me is that Navajo are never amazed by anything that happens. Because it is like in a lot of our stories they are already there."--Sunny Dooley, Navajo Storyteller During the final decade of the twentieth century, Navajo people had to confront a number of challenges, from unexplained illness, the effects of uranium mining, and problem drinking to threats to their land rights and spirituality. Yet no matter how alarming these issues, Navajo people made sense of them by drawing guidance from what they regarded as their charter for life, their origin stories. Through extensive interviews, Maureen Trudelle Schwarz allows Navajo to speak for themselves on the ways they find to respond to crises and chronic issues. In capturing what Navajo say and think about themselves, Schwarz presents this southwestern people's perceptions, values, and sense of place in the world. A former Navajo Nation archaeologist provides guidance on the place names encountered in Tony Hillerman's Navajo mysteries, offering the common name of a particular location, the native name and history, and a description of the location's significance in various Hillerman novels.
